There is more to Niagara than meets the eye.

As an enormous energy vortex, the crashing waters of Niagara Falls release massive amounts of negative ions purifying the air and creating an environment that is conductive to healing and well-being.

Spiritual Niagara is a community of energy workers, healers, life coaches, artists, readers and lightworkers offering their services and workshops in the Niagara area. We work amongst this natural energy vortex and strive to raise the vibration in Niagara. Our desire is to keep your life in balance by offering a range of alternative modalities and to assist you in becoming your authentic self.

To meet our members, make an appointment, check out our event calendar or receive our monthly newsletter, please visit our website. www.spiritualniagara.ca

All Women Welcome

Our Celebration?

WOWGalCelebration.com

Welcome My Fellow "Soul Sisters"!

I have always felt that as humans we are here to experience life. That it is not the amount or degree of traumas or dramas that determine our life's outcome…it is how we evolve with each.

As a person who wanted to leave this earth twice before the age of seven, I now fully understand that had I succeeded, I would have missed out on this AMAZING Celebration of Wonderful Women.

I WELCOME ALL Past, Present & Potential WOW Gals and WOW Gal Angel Tribute contributors to this WOW Gal Celebration that will be filled with Light, Laughter, Colour and Meaningful Connections with Our "Soul" Sisters. YOU honour US ALL just by being a part of this or Our Women of Worth (Online) Magazine.

EVERY WOMEN has a WOW Gal Story. In fact we have many rebirths in one lifetime. Feel free to submit one of yours or for an Angel who cannot write their own here www.womenofworthmagazine.com

I share with you a poem I wrote during an AHA Moment… *Taken from my first book...* Art from the Heart Adventures.

Life According To Me

Life as I have come to know it is filled with many up & downs:
Highs & lows; Comings & Goings; Laughter & Tears; Happiness & sadness; Rewards & Penalties
For each choice made along the way.
Those who experience the Yin at the beginning tend to experience the Yang at the end & vice versa.
Then somewhere along the road even balance if anything has been learned at all.
You would think it would be easy to recognize…
The difference between the slaps when we've made a poor choice
And the gifts we receive for the good ones.
Yet, sometimes we are just too into it to be able to see clearly at all.
It is at these times...
If only the gift of hindsight could be exchanged for the gift of foresight
Life would be so simple... maybe too simple… to be life lived at all.
